and recommends that the arrears
due to the matt for 2 years may
be ordered to be supplied.

b) The Muz. Comr's. letter explains
the facts of the case.

1) The Forest Conservator states
that under S.O. of 28-7-1925
the supply for the 2 years has
lapsed to govt, and that as
matt has managed these 2 years
without getting any supply,
there is no necessity to supply
it now.

Charge of the matter tho' necessary
conducted in the institution, the
Sandalwood due to the matter could
not be claimed in time as the
Govt. had not acceded sanction
to the succession of the new owner
+ so the arrears cannot be
considered as lapsed to Govt. The
claim has been put forward by
the owner as soon as the
succession has been approved by

(14) It is submitted that whether in the case of the Kudla Sangari matt, or in that of the Udipi matt which is the subject matter of Muz. No. 270 of 1924 placed below, there is no fear of sandalwood being put to wrong use. If arrears are due to the institution concerned, the wood would have been borrowed from private dealers outside the state to whom the wood & not the cash will have to be given in exchange. The Conservator's contention can therefore be upheld. The arrears of the wood may be ordered to be given to the institutions concerned.

No. *C5709 256* Office of the Muzrai Commissioner in Mysore.

Dated Bangalore, 15th January 1926.

-76

DIARY No. *120-25*

From

B. Ramaswamaiya, Esq., B.A., B.L.,

Muzrai Commissioner in Mysore,

Bangalore

To

B. Srinivasa Iyengar, Esq., B.A., B.L.,

Secretary to the Government of

His Highness the Maharaja of Mysore,

Revenue Department.

Sir,

With reference to your letter No.526/M.F.120-25-2 dated -
4th November 1925 forwarding for necessary action Srimukha received
from the Swamigalu of the Sri Kudli Sringeri Matha, requesting --
that the arrears of Sandalwood due to the Matha for 2 years may
be ordered to be supplied, I have the honor to forward herewith -
copy of letter No.6319 dated 9th instant from the Conservator of
Forests stating that in pursuance of the instructions laid down in
Government Order No.454-65/M.F.240-21-2 dated 28th July 1922, the
supply for the two years lapsed to Government and that as the --
Matha has managed these 2 years without getting any supply, there
is no necessity to supply it now.

2. It is not easy to follow the reasoning of the Conservator
of Forests. That the Matha had sufficient stock with it to last
for 2 years is only a presumption. In any case, the mere fact --
that the matha managed during this period without getting any ---
supply cannot be proof of its having sufficient stock to last these
years, and I do not therefore think that the claim of the matha -
could be summarily rejected. As stated in the Srimukha, the ---
question of succession to this important Matha was under xxxxxxxx
consideration and the Swami could not appropriately press his --
claim till his succession was recognized by Government. I beg
therefore to recommend that the sandalwood due to the matha for

the years Rudhirodgari and Rakthakshi may be ordered to be supplied.

I have the honor to be,

Sir,

Your most obedient servant,

B. Ramachandrarao.

Muzrai Commissioner.

Letter No.6319/ dated 9th January 1926 from the Conservator of Forests in Mysore to the Muzrai Commissioner in Mysore.

"In forwarding herewith in original, Srimukh No.157 of the 7th October last from the swamigalu of the Sri Kudli Sringeri matt regarding the arrears of sandalwood due to the Matt for the years of Rudhiron-gari and Rakthakshi, I have the honor to state that the District Forest Officer, Shimoga reports that the sandalwood for the two years as stated in the Srimukha has not been issued. As regards its issue now, I may be permitted to invite your attention to the Government Order no.454-65 muz 240-21-2 of the 28th July 1922, according to which the supply of sandalwood to the Matt for the two years will lapse to Government as the Matt has failed to ~~supply~~ apply for and take delivery of the wood to which it was entitled before the end of February of each year.

Moreover, the grant is obviously based on the year's consumption by the Matt and if the Matt has managed these two years without getting any supply, it means that the matt had sufficient stock with it to last

13
for two years. There is therefore no necessity to supply it now."
